

1. Slow down as you approach the intersection. Speed should be approximately 20 mph.

(Through and left turn traffic must enter the roundabout from the left lane. Right turn traffic must be in the right lane. Both lanes must yield to traffic from the left before entering the roundabout.)

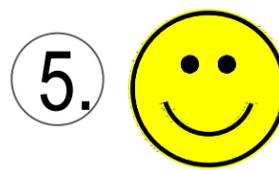

2. Remember that pedestrians ALWAYS have the right-of-way. YIELD to pedestrians in the crosswalk BEFORE you enter the roundabout area.

3. YIELD to vehicles approaching from the left. Vehicles in the roundabout have the right-of-way.

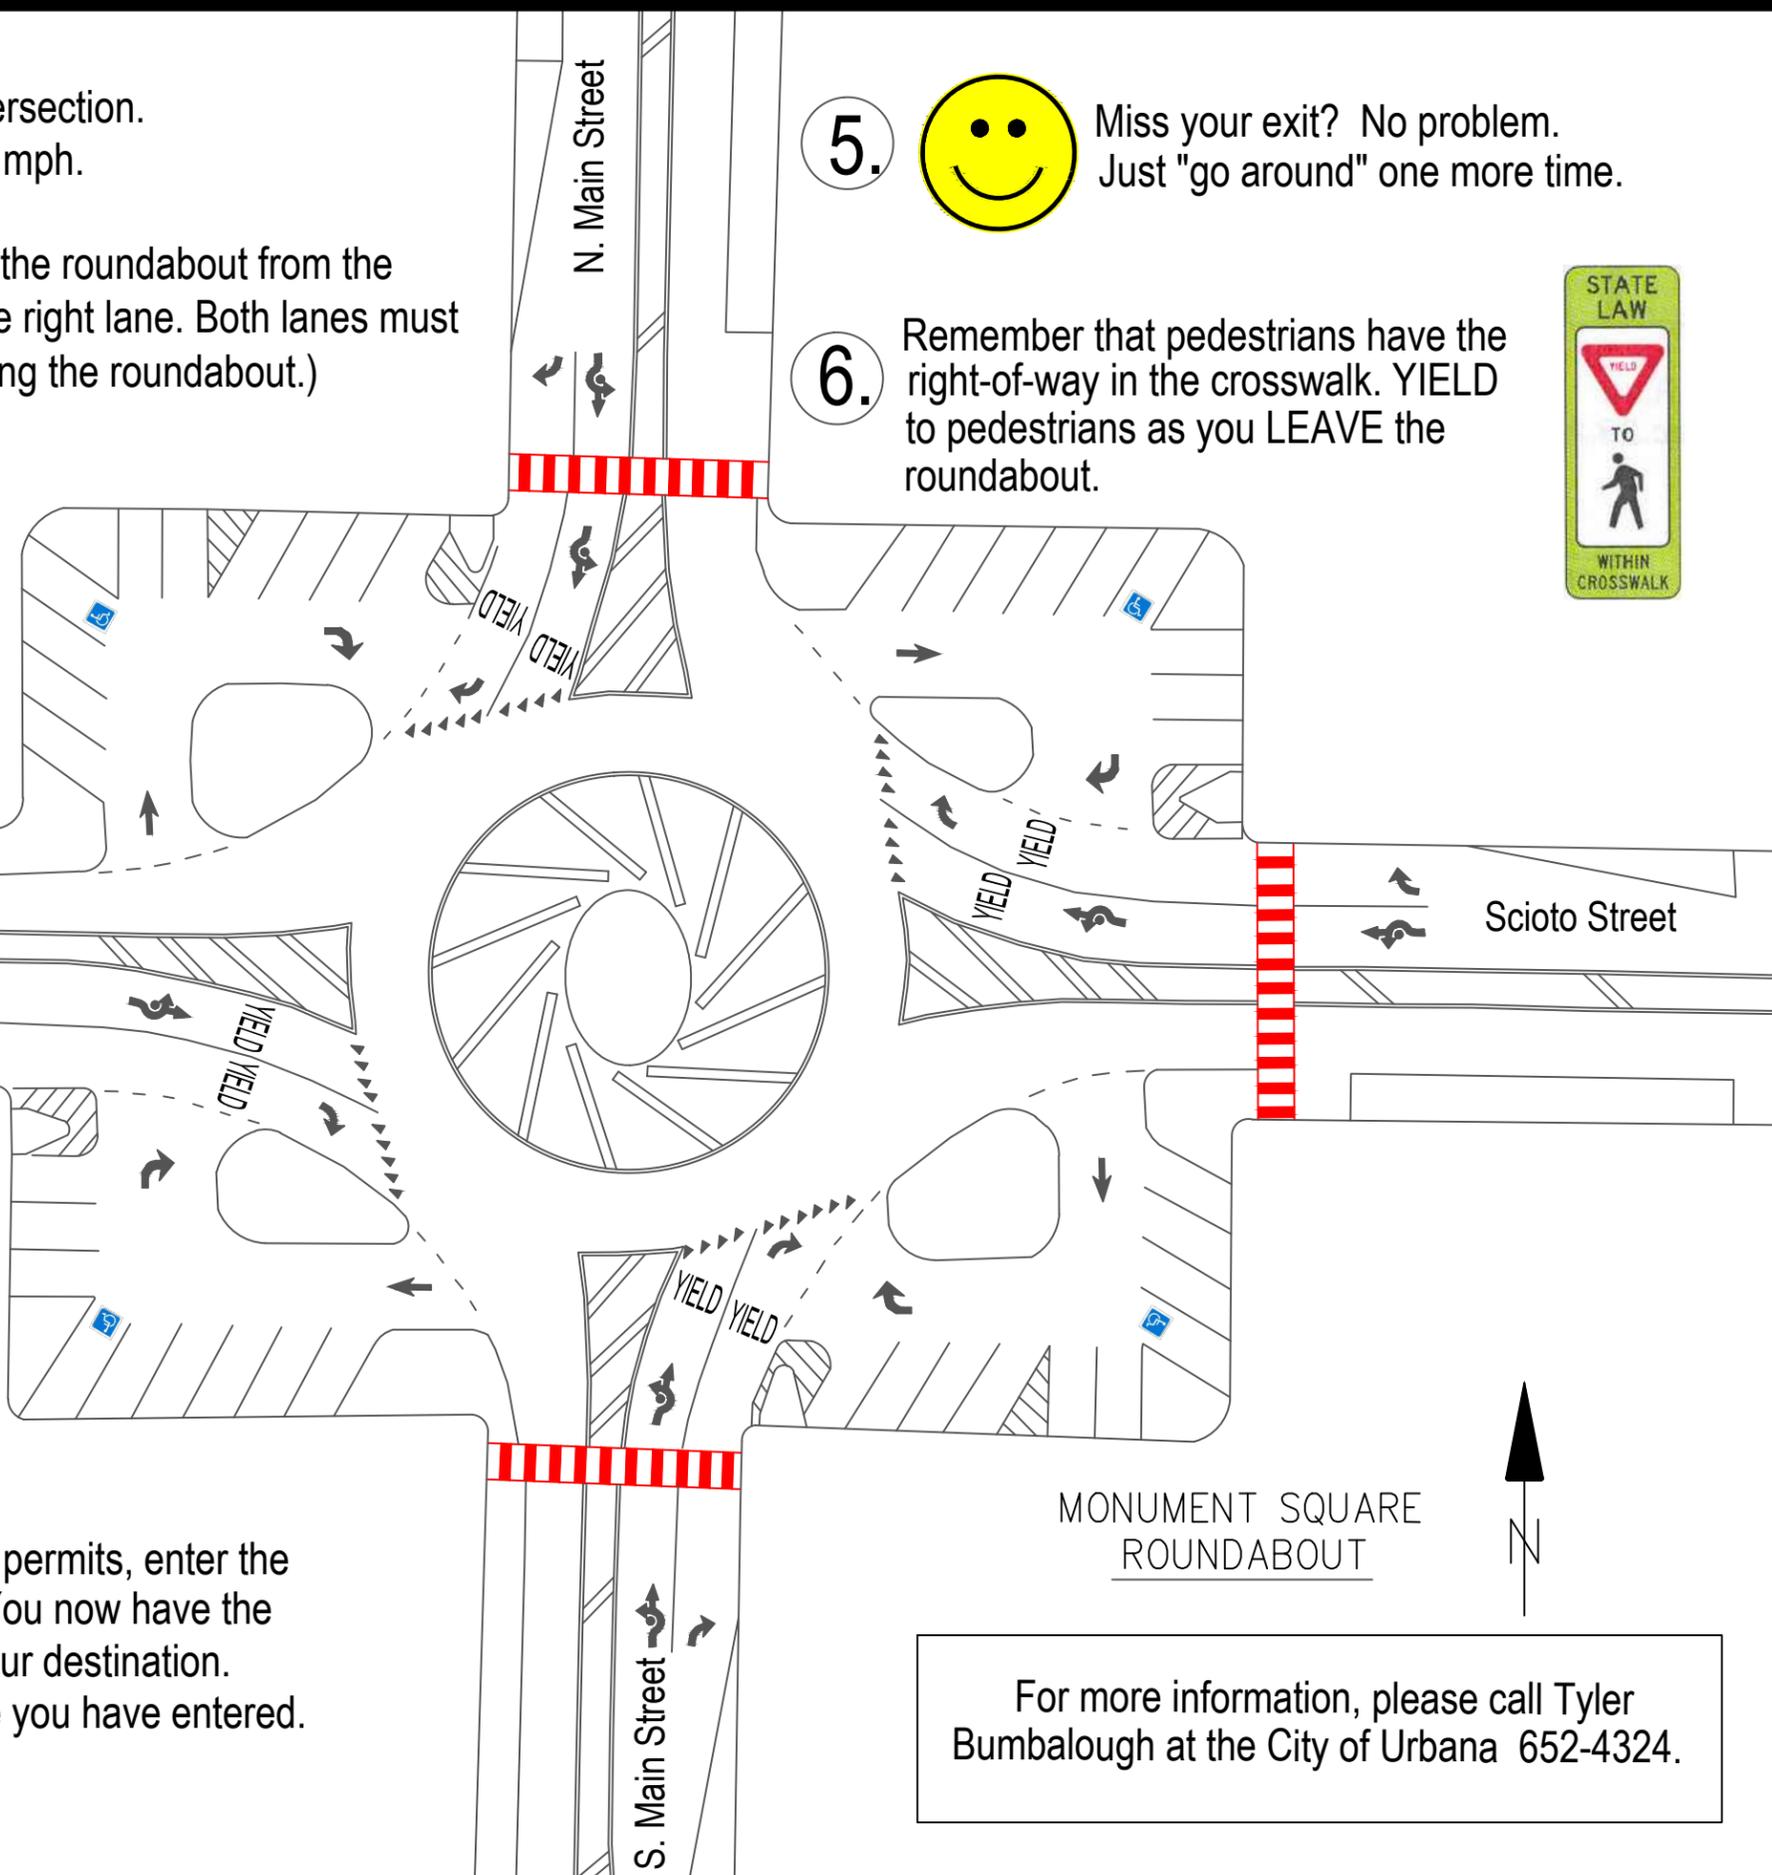

4. When oncoming traffic from the left permits, enter the roundabout and bear to the right. You now have the right-of-way, so procede toward your destination. Do not stop in the roundabout once you have entered.

5. Miss your exit? No problem. Just "go around" one more time.

6. Remember that pedestrians have the right-of-way in the crosswalk. YIELD to pedestrians as you LEAVE the roundabout.
