

**2017 Asphalt Program  
City of Urbana  
Addendum #2**

**To: All Bidders**  
**From: Tyler Bumbalough, City Engineer**  
**Date: March 3, 2017**  
**Re: Clarification on Item 202 Removed**

**Clarification on Item 202 Removed**

The need for Item 202 Removed is partially stated under Curb and Gutter on page 47 of the bid documents. It is necessary for the removal of the curb and gutters on W. Ward Street and Community Drive, the asphalt over-cut or soil excavation either side of the curb and gutters, the curb ramps and other sidewalks on W. Ward Street, and any excavation in the 4" mill/fill area on James Avenue if the contractor so chooses. Any other removal would be small in nature but should still be included per Item 202 in the ODOT spec book.
