**Re: Trade-In Skid Steer**

**Trade-In Skid Steer**

The skid steer that may be traded-in through this bid process is a New Holland LX665 with 4,500 hours (as of 3-15-2012). This unit is in continued use at the present, and the total number of hours may be higher at trade-in.

As noted in the invitation for bid, the City of Urbana reserves the right to not trade-in this unit.
