Re: Workers' Compensation/Project Cost Estimate

Workers' Compensation

Item 22 in the Information to Bidders section shall be revised to read as follows:

Insofar as Worker's Compensation is concerned, the bidder or contractor agrees to furnish an official certificate or receipt of the Industrial Commission of Ohio, showing that he has paid into the State Insurance fund the necessary premiums, whenever such certificates are requested by the City of Urbana upon contract award.

Project Cost Estimate

The cost estimate for this project is \$15,000.00. This is merely an estimate of the cost. An Engineer or Architect has not provided this cost. On that note, if the lowest total responsive bid exceeds this estimated amount, the Owner may:

- 1) Reject all bids;
- 2) Augment the funds available in an amount sufficient to enable award to the lowest responsive bidder.
