#### **Additions to General Contract Conditions**

The following sections shall be added to the General Contract Conditions:

#### **ARTICLE 16 - INDEMNIFICATION FOR ACCIDENTS**

The Contractor shall indemnify and save the Owner or the Owner's agents harmless from all claims growing out of the lawful demands of Subcontractor's laborers, workmen, mechanics, materialmen, and furnishers of machinery and parts thereof, equipment, tools, and all supplies, incurred in the furtherance of the performance of the work. The Contractor shall, at the Owner's request, furnish satisfactory evidence that all obligations of the nature designated above have been paid, discharged, or waived. If the Contractor fails to do so the Owner may, after having notified the Contractor, either pay unpaid bills or withhold from the Contractor's unpaid compensation a sum of money deemed reasonably sufficient to pay any and all such lawful claims until satisfactory evidence is furnished that all liabilities have been fully discharged whereupon payment to the Contractor shall be resumed, in accordance with the terms of the Contractor Documents, but in no event shall the provisions of this sentence be construed to impose any obligations upon the Owner to either the Contractor, his Surety, or any third party. In paying any unpaid bills of the Contractor, any payment so made by the Owner shall be considered as a payment made under the Contract Documents by the Owner to the Contractor and the Owner shall not be liable to the Contractor for any such payments in good faith.

#### **ARTICLE 17 - LAWS AND REGULATIONS**

The Contractor shall keep himself fully informed of all Federal and State Laws in any way affecting those engaged or employed in the work, the material used in the work, or in any way affecting the conduct of the work, and of all orders and decrees of bodies or political subdivisions having any jurisdiction or authority over the same. If any discrepancy or inconsistency shall be discovered in this Contract or in the Drawings and Specifications herein referred to in relation to any such law, regulation, decree, or order, the Contractor shall forthwith report the same in writing to the Architect. He shall at all times himself observe and comply with, and shall cause all of his agents and employees to observe and

comply with, all such existing and future laws, regulations, orders and decrees; and shall protect and indemnify the County, its officers and agents against any claims or liability arising from or based on the violation of such law, regulation, order or decree whether by himself or by his employees.

#### **ARTICLE 18 - PARTIAL PAYMENTS**

Before the contract is fifty percent completed, labor performed on the project and materials delivered on site shall be paid for at a rate of ninety-two percent of the estimates for partial payment as submitted by the Contractor, checked and prepared by the Engineer, and approved by the Engineer.

#### **ARTICLE 19 - ADJUSTMENT OF RETAINED PERCENTAGES**

After the Contract is more than fifty percent completed, labor performed shall be paid for at the rate of one hundred percent of the estimates submitted by the Contractor, checked and approved by the Engineer.

All materials delivered on the site after the Contract is fifty percent completed shall be paid for at a rate of ninety-two percent of the invoiced value of the material. The balance of such estimate shall be paid when the material is incorporated into and becomes a part of the project.

The Contract shall be fifty percent completed when the Contractor has been paid an amount equal to fifty percent of the total cost of the labor of the Contract and fifty percent of the total cost of the material of the Contract.

#### **ARTICLE 20 - PARTIAL PAYMENT MAY BE WITHHELD**

Partial payments may at any time be withheld or reduced if, in the opinion of the Engineer, the work is not proceeding in accordance with this Contract.

#### **ARTICLE 21 - FINAL ESTIMATE**

When, in the opinion of the Engineer, all the work contemplated by this Contract is completed, he shall measure up said work and prepare a final estimate of the same. The Contractor shall aid the Engineer in the preparation of this estimate by submitting to him, as soon as possible following the completion of work an estimate of the work he has done under this Contract, broken down by items and containing supporting computations. The Owner shall, within thirty days after receiving the said final estimate, make payment of ninety-six percent of the amount of said estimate, less previous payments to the Contractor and such other sums as may lawfully be retained under the terms of this Contract, provided that all terms of this Contract have been complied with by said Contractor. Such estimate shall be dated as of the day on which the Contractor shall have completed the work called for to be done under this Contract.

## **ARTICLE 22 - FOUR PERCENT RESERVE**

The said Contractor hereby further agrees that the Owner shall be, and is hereby authorized to retain for a period of thirty days subsequent to the date of the final acceptance of work, out of the money payable to said Contractor under this agreement, the sum of four percent of the amount of the Contract, and to expend the same in making such repairs of the said work for which the Contractor is responsible as the Engineer may deem necessary in case such repairs are neglected by the Contractor after reasonable notice.

## **ARTICLE 23 - FINAL PAYMENT**

The Owner agrees that upon the expiration of said period of thirty (30) days, provided all the work shall at that time be in good order and approved by the Owner following the final inspection, the said Contractor shall be entitled to receive the whole or that part of the above mentioned sum as may remain after the expense of making such repairs shall have been paid thereto. All prior partial estimates and payments shall be subject to correction in the final estimate and payment.

The Owner hereby agrees to pay and the Contractor hereby further agrees to receive in full compensation for furnishing all materials and doing all work as contemplated and set forth by these Specifications and the accompanying drawings, the several sums and prices set forth in the proposal sheet hereto attached.

## **ARTICLE 24 - LIENS**

If, at any time within thirty (30) days after the whole work herein agreed to be performed and all labor and material herein agreed to be delivered have been performed and delivered or completed and accepted by the Owner, any person or persons claiming to have performed any labor or furnishing any materials toward the performance or completion of this Contract shall file with the Owner notice according to law, the Owner shall retain until the discharge thereof, from all money under its control, such moneys as shall be sufficient to satisfy and discharge the amount in such notice claimed to be due, together with the costs of any action or actions brought to enforce such lien created by the filing of such notice.

-----  
The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is union or non-union.

Union Identifiers

An identifier enclosed in dotted lines beginning with characters other than "SU" denotes that the union classification and rate have found to be prevailing for that classification. Example: PLUM0198-005 07/01/2011. The first four letters , PLUM, indicate the international union and the four-digit number, 0198, that follows indicates the local union number or district council number where applicable , i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2011, following these characters is the effective date of the most current negotiated rate/collective bargaining agreement which would be July 1, 2011 in the above example.

Union prevailing wage rates will be updated to reflect any changes in the collective bargaining agreements governing the rate.

Non-Union Identifiers

Classifications listed under an "SU" identifier were derived from survey data by computing average rates and are not union rates; however, the data used in computing these rates may include both union and non-union data. Example: SULA2004-007 5/13/2010. SU indicates the rates are not union rates, LA indicates the State of Louisiana; 2004 is the year of the survey; and 007 is an internal number used in producing the wage determination. A 1993 or later date, 5/13/2010, indicates the classifications and rates under that identifier were issued as a General Wage Determination on that date.

Survey wage rates will remain in effect and will not change until a new survey is conducted.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
